

High Power LED Strip Lights

Available in 3, 5 and 8 LED configurations these strip lights are made from aluminium and utilise high power LED technology.

Suitable for task lighting these strip lights emit an amazing 120° beam angle. Bright light is achieved by 1w high power LED lights.

Installation is easy and multiple fittings can be run off a single constant current driver with plug and play connections.

8x1w Strip Light

5x1w Strip Light

3x1w Strip Light

450mm 3x1w LED Strip light

P/C	Voltage	Colour	LED qty	Wattage
360221	3v DC 350mA	Cool White: 5500k	3 x 1w High Power	3w
360222	3v DC 350mA	Warm White: 3500k	3 x 1w High Power	3w

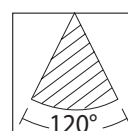

450mm 5x1w LED Strip light

P/C	Voltage	Colour	LED qty	Wattage
360218	3v DC 350mA	Cool White: 5500k	5 x 1w High Power	5w
360223	3v DC 350mA	Warm White: 3500k	5 x 1w High Power	5w

600mm 8x1w LED Strip light

P/C	Voltage	Colour	LED qty	Wattage
499516	3v DC 350mA	Cool White: 5500k	8 x 1w High Power	8w
360219	3v DC 350mA	Warm White: 3500k	8 x 1w High Power	8w

Operating Temperature: -30°C - 40°C
Lifespan: 50,000 hrs
Driver Needed: 1-18w 350mA (360093)

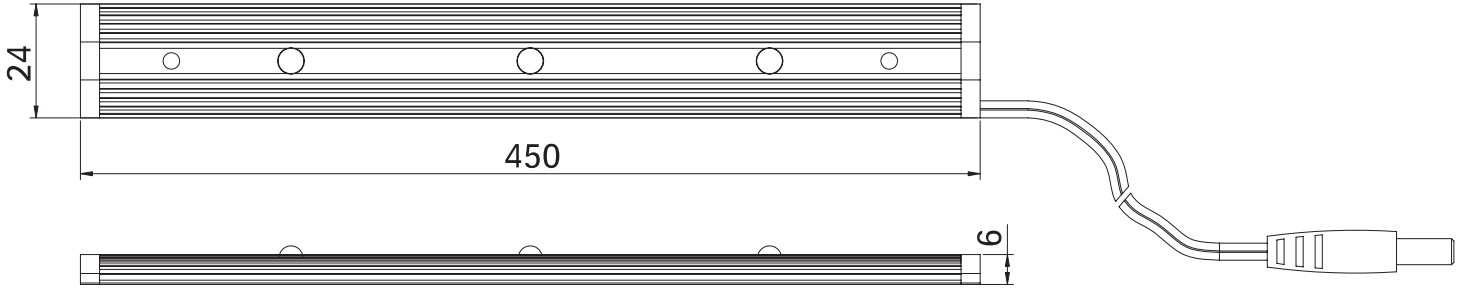

Beam Angle

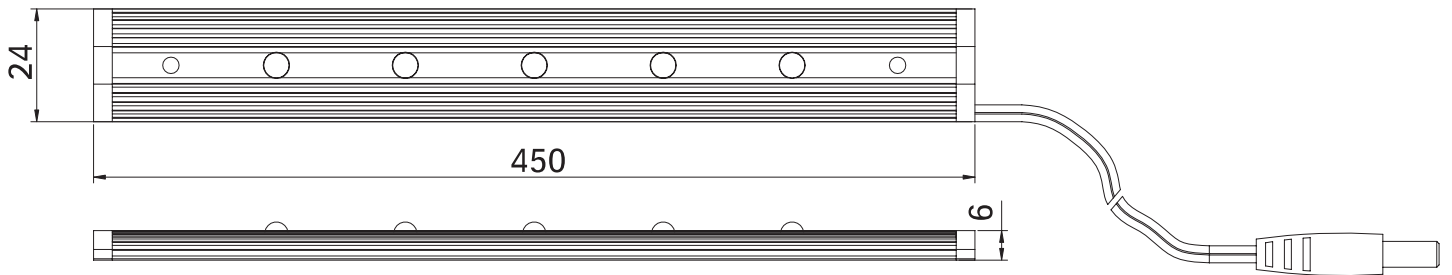

Indoor Use only
IP54

Dimensions

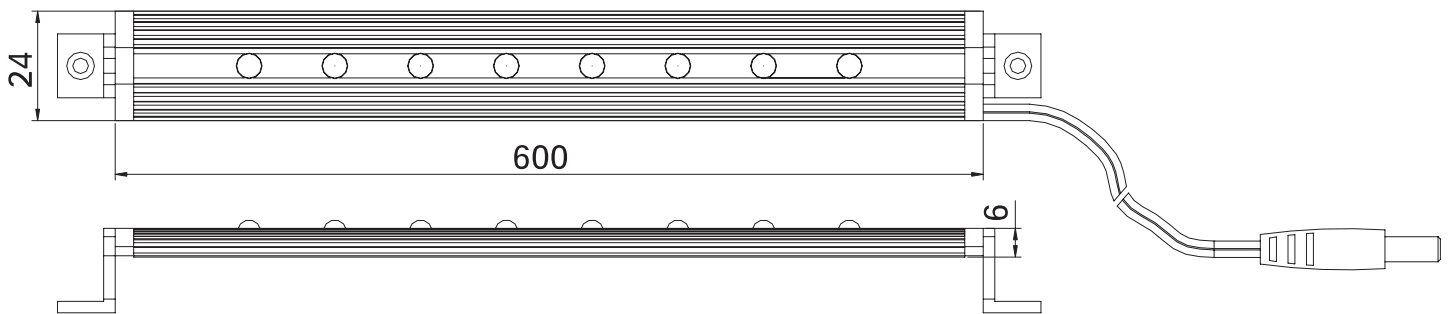

450mm 3x1w LED Strip light

450mm 5x1w LED Strip light

600mm 8x1w LED Strip light

Driver:

450mm 3x1w LED Strip light: Power up to 6
450mm 5x1w LED Strip light: Power up to 3
600mm 8x1w LED Strip light: Power up to 2

Power any combination up to 18w

Input Voltage: 100 - 240v AC 50/60Hz
Output Voltage: 3-54v DC - 350mA
Power Out: 1-18 watt

Indoor Use only

Junction Box 4 Slot / 10 Slot
